

Amendments to the Drawings:

The attached 2 sheets of annotated drawings includes changes to Fig. 3, 4, 5, and 6 .

The attached 4 sheets of Replacement Drawings containing FIGS. 1, 2, 3, 4, 5, and 6 replace the original 4 sheets of drawings containing FIGS. 1, 2, 3, 4, 5, and 6, and include the changes made to FIGS. 3, 4, 5, and 6 shown in the 2 sheets of annotated drawings.

Attachment: 4 Replacement Sheets
2 Annotated Sheets Showing Changes to FIGS. 3, 4, 5, and 6

REMARKS/ARGUMENTS

Four Replacement Sheets of formal drawings are submitted to replace the four sheets of informal drawings filed with the application.

In the course of preparing the formal drawings, minor typographical and other formal errors were noticed, and the drawings have been corrected to cure these errors as follows:

- In FIG. 3, instances of “pass band” and “band pass” have been changed to single words for internal consistency and consistency with the description.
- In FIG. 4, the reference numeral “710” for the capacitor on the right has been changed to “720” as referred to in the description.
- In FIG. 4, the unit for inductance value has been changed from “ μ ” to “ μH ” for consistency with other designations of inductance values.
- In FIGS. 4, 5, and 6, units for capacitance values have been changed from “p”, “n”, and “ μ ” to “pF”, “nF”, and “ μF ” for consistency with the description.

These changes are shown in the annotated sheets for Sheets 3 and 4, and do not add new matter.

CONCLUSION

Entry of this amendment is respectfully urged since the formal drawings are, subject to the minor corrections outlined above, faithful replicas of the originally filed informal drawings. The corrections are formal in nature and do not raise substantive issues.

Respectfully submitted,

David N. Slone
